GateOverflow Chatbot

Source: `huggingface-space-README.md`

AI study companion for the GATE CS & DA exams — grounded in real previous-year questions. RAG chat with citations, mock tests, spaced-repetition flashcards, study planner, dashboard, and GateOverflow platform awareness.

This file is the `README.md` for the Hugging Face Space. Copy it (and the whole app, including `storage/` and `Dockerfile.prod` renamed to `Dockerfile`) into your Space repo. Set `OPENAI_API_KEY` as a **Secret** in the Space settings. See `DEPLOY.md` in the project for full steps.
